

REAL ESTATE & PROJECT DISCLAIMER

Images, photographs, videos, walkthroughs, 3D renders, illustrations, maps and artistic impressions displayed on the website may be used for representational or explanatory purposes. Prospective customers should verify the following before entering into a transaction:

- Actual project location
- Plot dimensions
- Layout
- Access roads
- Approvals and permissions
- Title/documentation
- Development specifications
- Applicable government records
- Registration-related information
- Final price and payment schedule

Future Development References

Any reference to proposed infrastructure, highways, industrial corridors, educational institutions, government initiatives, regional development, commercial development or other future projects is provided only on the basis of information believed to be available at the relevant time. HKMC does not control third-party or government projects and does not guarantee their completion, timelines, routes, specifications or resulting impact on property values.

Investment Disclaimer

Real estate values can rise or fall. HKMC does not guarantee any particular appreciation, investment return, resale value, rental income or future market price unless expressly guaranteed under a legally binding written instrument. Customers should make their purchase decisions after appropriate independent evaluation.

RERA / REGULATORY DISCLOSURE

Where a project is required to be registered under the Real Estate (Regulation and Development) Act, 2016 or applicable Telangana rules/regulations, the relevant registration information should be displayed as required by applicable law.

Where RERA registration is applicable, project advertising should prominently contain the required project registration information and Authority website details.

Where a particular property/project is legally outside the applicable registration requirement or an exemption applies, HKMC should avoid presenting it as “RERA Approved” unless that statement is factually and legally correct. Project-specific regulatory status must be verified before publication.
